MANY WANT THE HOTEL

Proposed Sale of Royal Hawaiian Calls Many Bids.

In response to the advertisement of the Hawaiian Trust & Investment Company for the sale of the Royal Hawaiian Hotel, either by lease or in fee simple, hotel men from all parts of the United States have written here asking for the terms.

Requests for complete data concerning the hotel property have been received from men and companies in Boston, New York, Old Point Comfort, Chicago, San Francisco and many other cities.

Mr. Galt of the Trust Company is of the opinion that the numerous requests indicate the widespread interest in Honolulu. The advertisement gave mainlanders until December 31 to answer. The bondholders here will wait until next week before commencing the task of answering the inquiries. A meeting will be held on Wednesday next at which the bondholders may take action as to the terms to be quoted.

Mr. Galt says that the bondholders may yet decide to run the hotel themselves. Since Mr. Church took hold the hotel has been on a better paying basis and is now doing well.

Fitch in the Case.

SAN BERNARDINO, December 30.—Thomas Prime of San Francisco has employed Thomas Fitch, once the silver-tongued orator, to bring proceedings in the Superior Court to annul his marriage with Frances Ellen Wood, claiming she was insane at the time he married her in Nottingham, England, twenty-one years ago, the knowledge of her condition being kept from him until two months after the ceremony.

For nine years he refused to have her restrained, but finally was compelled to have her committed to an asylum. Prime is a man of apparent wealth and refinement. In the com-

plaint his residence is given as San Francisco, but neither he nor his attorney will further enlighten the public regarding the case.

Army Orders.

WASHINGTON, Dec. 29.—By order of the War Department the following designations of officers to conduct professional examinations of first and second lieutenants for detail in the ordnance department, as contemplated in general orders 196, December 28, are announced: For Philippines Division, the chief ordnance officer of that division; for the Department of California (excepting Hawaii and the Department of the Columbia, excepting Alaska), the commanding officer of Benicia arsenal; for Hawaii and Alaska, such officers as the division commander shall designate.

KERR CAN'T BUILD SEASIDE RESIDENCE

L. B. Kerr is denied by the Supreme Court the privilege of building a seawall at Waikiki below high water mark. This decision is on a bill in equity brought by the Territory to restrain Mr. Kerr from proceeding with the erection of a seaside residence immediately in front of a lot owned by him at Waikiki on the island of Oahu, and to require him to remove a concrete wall made there, which he was filling in with coral and sand, above which the residence was to be erected, and to restrain him from further construction or filling in. The defendant demurred to the bill on ten grounds. Judge De Bolt sustained the demurrer and the Territory appealed. Lorrin Andrews, Attorney General, and P. L. Weaver conducted the case for the Territory, and Kinney, McClanahan & Cooper and S. H. Dorby that for the defendant.

Chief Justice Frear, Justice Hartwell and Circuit Judge Robinson heard the appeal. The opinion of the court, written by Justice Hartwell, thus concludes: "The decree of the circuit judge sustaining the defendant's demurrer is reversed, the demurrer is overruled and the case is remanded to the circuit judge for such further proceedings as shall be appropriate."

The opinion follows the decision in Gay vs. Halstead and further, is based on the Organic Act in its giving the United States ownership of the coast between low and high water mark. "Walls and buildings," the court says, "extending seaward beyond high water mark block the right of way and furnish no compensatory advantages to the public for purposes of navigation or fishery."

PACIFIC CLUB LIKELY TO CLOSE UP ITS BAR

If it is Done it Will Be Because of the Pending
Trouble About the License.

It is said in police circles that the Pacific Club, in the event that the license decision finally goes against it, has threatened to close up its bar and dining room and, in fact, go out of the club business practically altogether.

The threat to take action of this kind was made by one of the attorneys for the club when District Magistrate Whitney decided the license case against the club. It was not said that the Pacific Club would close its doors, but in effect the threat may almost be said to have amounted to that. The closing of the club dining room would destroy almost altogether the original character of the club, and so change one of the old-time institutions of Honolulu as to make it hardly recognizable by old habitués of the place.

For a great many years past the Pacific Club has been one of the social institutions of Honolulu. Distinguished men from all parts of the world have enjoyed its hospitality, and within its comfortable precincts the destinies of a kingdom and a republic and a territory have been discussed—and often shaped. The Pacific Club and its members have made history in the past—and there be some of them who are still making it.

To take away its distinctive character now would be to work a change in the social life of the city that would be more marked, perhaps, than any other possibly could be. However, the change has not been made yet. The liquor license fight has been neither won nor lost, although the Attorney-General's department has scored first blood. The license case has been appealed to the circuit court, and will probably go on up.

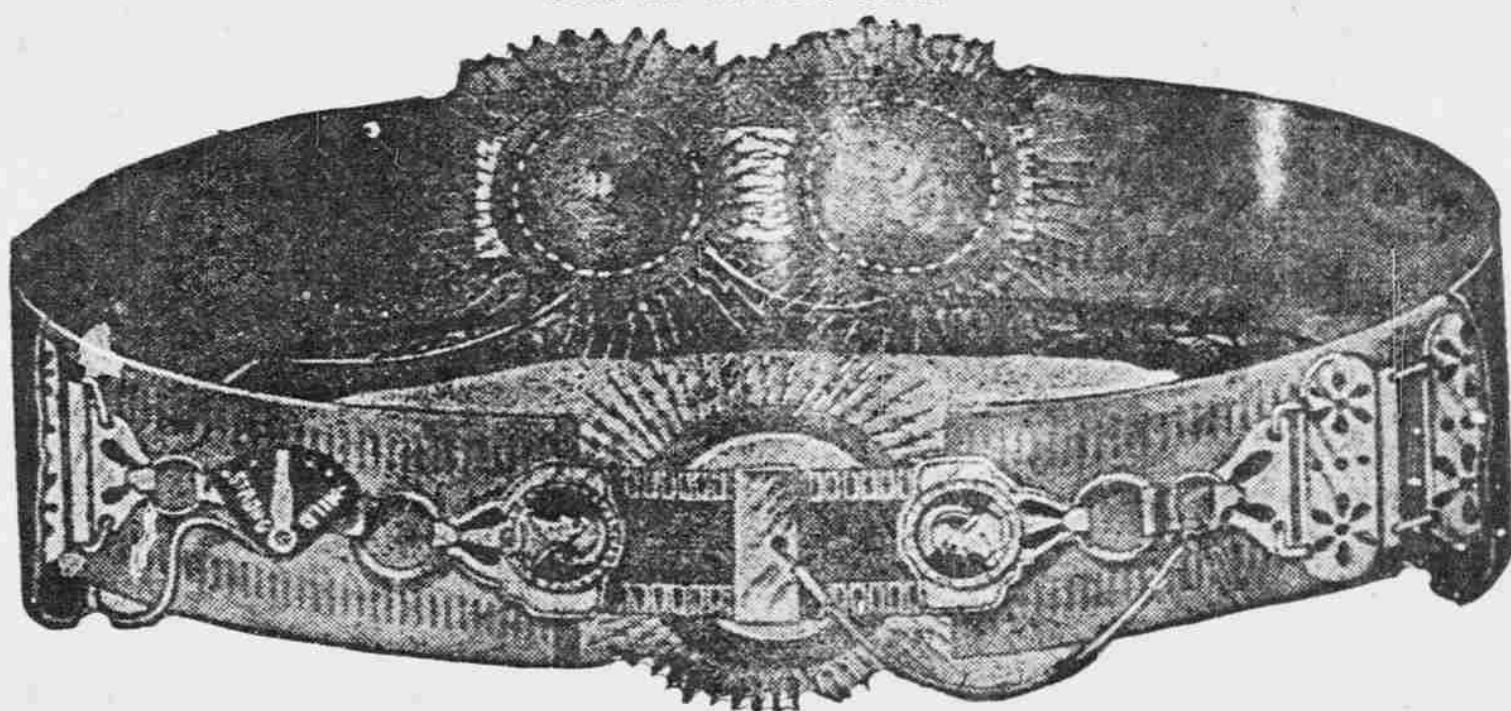

A CHINESE PUZZLE.

"Uncle Sam, you allee samee nicee man. You come to China, allee dooree open. Chinaman come to see y on, allee dooree shutee."

YOU CAN BE CURED

Quickly and Forever by the Grand Product of Nature, Dr. McLaughlin's Electric Belt.
Send for the Free Book.

Free Electric Suspensory for Weak Men

This Electric Suspensory carries the current direct to the weak parts and cures all weakness of men. It is free. It develops and expands all weak organs and checks unnatural drains. No case of Failing Vigor or Debility can resist the powerful Electric Suspensory. It never fails to cure. It is free with Belts for Weak Men.

No man should be weak; no man should suffer the loss of that vital element which renders life worth living. No man should allow himself to become less a man than nature intended him; no man should suffer for the sins of his youth, when there is here at hand a certain cure for his weakness, a check to his waste of power.

Most of the pains, most of the weakness of stomach, heart, brain and nerves, from which men suffer, are due to an early loss of nature's reserve power through mistakes of youth. You need not suffer for this. You can be restored. The very element which you have lost you can get back, and you may be as happy as any man that lives.

My Electric Belt, with Special Electric Suspensory (free), will restore your power. It will check all unnatural drains and give back the old vigor of youth.

Georgetown, Wash.

Dr. McLaughlin:

Dear sir: I feel that I am in duty bound to you and suffering humanity to make a statement in regard to what your Belt has done for me. When I purchased your Belt I was in a bad condition; was compelled to take medicine every day to move the bowels, and my kidneys and liver were so bad that the least jar would give me great pain. My back was so lame that when I sat down it was almost impossible for me to get up again. If I had not purchased your Belt when I did I believe that I would not have lived much longer. After using the Belt for a short time I found the results beyond expectations. All of the above symptoms disappeared. I consider your Belt the best in the market today and highly commend the attention given each patient while under your care. Yours truly,

JOHN B. WARD.

This drain upon your power causes Kidney Troubles, Rheumatism and Stomach Ailments. You know it's a loss of vital power and affects every organ of the body. Most of the ailments from which men suffer can be traced to it.

I have cured thousands of men who have squandered the savings of years in useless doctoring.

My Belt is easy to use; put it on when you go to bed; you feel the glowing heat from it (no sting or burn, as in old style Belts), and you feel the nerves tingle with the new life flowing into them. You get up in the morning feeling like a two-year-old.

PRATT RETURNS HOME AND SEES GOVERNOR

"I have just returned from the coast on the Alameda," said Land Commissioner Pratt on Friday, "and I don't know what has taken place in my department while I have been away. Yes, there should something have occurred in a month, but I don't know the least thing about it, yet. I have not had time to look into matters at all."

Mr. Pratt, nevertheless, had a long consultation yesterday afternoon with the Governor, after which he went back to his own place and began going over papers. It is said at the Land office that the Palolo valley lands will be put on the market now as soon as the surveyors have finished the platting.

MEN'S
GNU KID BALMORALS
WITH CAMBRIDGE TOE.

Price \$4.

Men who are seeking good footwear which combines these four qualities—i. e. fit, wear, style and comfort—will find their ideal in this shoe. It is especially serviceable during rainy weather.
